

## What does ULF stand for?

ULF stands for ULTRA LARGE FORMAT – We have been running this program for 18 years now!

## What is it?

Our annual ULF campaign gives photographers the opportunity to order non-standard sizes of ILFORD sheet film and other specialist products without the constraints of the usual minimum order quantity.

## Why do we do it?

We know that there are many vintage, collectable and home made cameras out there and that it can often be difficult or impossible to get film for these non-standard formats. This program allows us to support these film photographers to allow the continued use of these cameras.

## Which films are included?

ILFORD FP4 PLUS, HP5 PLUS, and DELTA 100 PROFESSIONAL. Not all films are available in all formats. The options available reflect what has been asked for over the past 18 years. We are happy to consider any other size suggestions but do not guarantee to make them available.

## How does it work?

We let our distributors know when the order window for these products will be and which items will be included. They in turn, can inform their network of resellers.. We also share this information on our social channels and website. Orders are collated by our COM team and manufactured.

© Keith Moss

**Accepting orders until July 14, 2023**
